£3,000 broadband boost for SME businesses

Businesses in South Lakeland can receive up to £3,000 to boost their broadband speeds under the new Gigabit Broadband Voucher Scheme introduced by the Government.

Businesses can claim up to £3,000 against the cost of connection to fibre broadband, either individually or as part of a group project. Residents can also benefit from the scheme as part of a group project which also includes businesses, and can claim for a voucher of up to a value of £500.

Businesses or residents that are eligible for gigabit vouchers can access the scheme through a supplier. The Gigabit Broadband Voucher Scheme is part of the [Local Full Fibre Networks programme](#).
